SWITCH ON EMOTIONS

Piaggio Medley is a full immersion of vitality. The innovative, agile and lightweight high wheel scooter with the performance of a higher range is a harmony of opposites. Dynamic in traffic, easy to handle and compact but super spacious, it is also perfect for rides beyond the city limits. The high performance and innate class available in a classic and a sporty version, enhance the thrilling and fun ride. The lines are dynamic, with the protective front end and the slender rear. The stylistic choices wink at functionality: the seat and the handlebar, which holds the new full-LED headlight and the digital LCD instrument dashboard, large wheels with gritty rims and tons of refined details.

YOUR MEDLEY

Piaggio Medley is available in two different versions. The iconic Medley, with a sophisticated and elegant nature, and the sporty Medley S, for those who want to experience powerful and responsive riding. Two models united by Piaggio's technological and stylistic excellence.

- **Piaggio Medley**
- **Piaggio Medley S**

TOP SHELF PERFORMANCE

At the top in terms of environmental friendliness, Piaggio Medley provides a mixture of power, quickness, responsive acceleration, torque values and smooth riding that are unmatched in its category. Thanks to its reduced weight, the large aluminium wheel rims, the wide rear tyre and the excellent braking system with two-channel ABS, Piaggio Medley ensure excellent road holding and a pleasant ride, whether in traffic or on a ride through the countryside.

USEFUL TECHNOLOGY

Piaggio Medley is unbeatable with its smart solutions for the on board experience. The entirely LCD dashboard, lets you keep an eye on all the vehicle's parameters. The headlight and the running lights are full LED, for greater visibility and better safety, the exposed fuel cap on the central tunnel lets you refuel without getting off the vehicle. The spacious leg shield back plate compartment features a USB port.

**COMPLETELY DIGITAL
LCD DASHBOARD**

**USB PORT FOR
SMARTPHONE CHARGING**

**FUEL TANK CAP ON
THE CENTRAL TUNNEL**

The under-seat compartment retains excellent loading capacity, capable of holding two jet helmets. The visible fuel cap on the central tunnel allows refueling without getting off the vehicle; the spacious under-seat compartment is equipped with a USB port, and the pull-out passenger footrests make the journey more comfortable.

The dual-channel ABS allows you to experience two-wheeled riding with maximum safety. Together with the structure and dimensions, they convey a sense of stability even to less experienced riders. All engine displacements are equipped with the Piaggio i-get "Italian Green Experience Technology" engine family.

FEATURES

**RETRACTABLE PASSENGER
FOOTPEGS**

**HELMET COMPARTMENT
SPACIOUS ENOUGH FOR
TWO JET HELMETS**

GRITTY AND URBAN

The sporty personality of Piaggio Medley S is highlighted by dedicated finishing touches. The bike finder feature, which can be activated remotely, and the PIAGGIO MIA connectivity system are available as standard. Through Bluetooth connection and the dedicated app (which can be download on the App Store or Google Play) the interface allows the rider to answer calls, view message notifications, and activate voice commands and music playlists.
